

CORN OFFERING LIGHT, PRICES RULING HIGHER

Movement, However, Not Pronounced, Slump in Hogs Having Some Effect.

Chicago, Dec. 4.—Absence of selling pressure led to an upturn today in the price of corn. A forecast of unsettled weather tended somewhat to strengthen the market, and so too did firmer hog exchange. On the other hand, hog quotations were lower and receipts of corn here were larger than has been the rule of late. Opening prices, which ranged from 1/2 cent off to a like advance, with December 1.33 1/2 to 1.34 1/2, and May 1.33 to 1.34 1/2, were followed by material gains all around and then something of a sag.

Assumptions that the coal strike might be settled in the immediate future brought about a sharp setback later. Bears made much, too, of reports that export sales of grain were being canceled. The market, however, soon rallied. Prices closed unsettled at 1/4 cent net lower to 1/4 cent advance, with December 1.33 1/2 and May 1.34 to 1.34 1/2.

Oats were governed by fluctuations in corn values. All types advanced 1/4 cent to 1/2 cent advance, including May at 78 1/2 to 79 1/2; the market scored a moderate general upturn.

Provisions tended upward despite weakness in the hog market. It was pointed out that supplies of meat might be curtailed by coal shortage hampering the packing house.

Subsequently weakness developed owing to declines in the corn market.
